## WELCOME, CONTACTS, COMMUNICATION

### **Vision Statement**

*We are champions of tradition and innovative education.*

### **Mission Statement**

*The mission of BLPA is to create a safe, positive environment that fosters intellectual curiosity and a thirst for discovery where students and staff succeed through exceptional programs.*

We will accomplish our mission by:

- Providing a world-class education through a curriculum that exposes students to diverse cultures with a balance in fine arts, technology, character development, and extracurricular activities.
- Establishing an engaged school community committed to the lifelong success of students in a global environment.
- Embracing traditional values as the cornerstone of a distinguished education.

**Design:** We offer an extended school day and academic year to allow for true mastery rather than cursory coverage of the curriculum.

**Curriculum:** Our content-rich curriculum converges high tech with the humanities, combining the rigors of a classical education with the relevance required by contemporary culture. Our interdisciplinary program instills in students a captivating conceptual understanding and chronological picture of history, as well as an awareness of the interrelationships between different domains of knowledge.

**Technology:** To master true computer literacy, students require hands-on access to computers as a tool for authentic learning. Banning Lewis Preparatory Academy equips each student with a laptop computer.

**Assessment:** The barometers that gauge Banning Lewis Preparatory Academy's success include higher student standardized test scores, marked progress in the quality of performance-based assessments, and enhanced motivation, satisfaction, and morale on the part of students, teachers, and parents.

**Teachers:** Banning Lewis Preparatory Academy hires, recruits, and retains excellent teachers as we strive to bring exceptional programming to all students. All teachers are highly qualified, experienced individuals who have a strong sense of purpose and a willingness to challenge themselves as lifelong learners as they would challenge their students. They compel all students to excel by concentrating on engaging every child in learning and by holding students to high standards.

**Parents:** Because every child needs stability, continuity, and a champion who believes in his or her human potential, Banning Lewis Preparatory Academy works to foster a close connection between home and school. Specifically, Banning Lewis Preparatory Academy works with parents and other adults with positive influence to improve attendance, to assist with homework, and to intercede at the first hint of difficulty.

***On behalf of the Banning Lewis Preparatory Academy community, WELCOME! We are a growing community committed to providing high quality education and care. The Banning Lewis Preparatory Academy Handbook is designed to help students and parents become a part of the BLPA community and to integrate into our culture of caring and success. We are all responsible for knowing the contents of the handbook and for working hard to find our place at BLPA. Although this handbook does not cover every situation or question, it is designed to be your guide through the most common situations.***

## **GENERAL EXPECTATIONS**

### **General Safety Expectations**

As a community of learners, it is the duty of everyone to do their part to keep our school safe. The school requires all visitors coming into the building to report directly to the front desk to present identification, sign in, and receive a visitor's badge.

Students may enter through the front or west doors after 7:30 a.m. daily.

Traffic laws and postings are expected to be observed by all drivers. School staff are on duty in the parking lot areas between 7:30 – 7:45 a.m. and 3:15 – 3:30 p.m. All walkers are expected to obey crossing laws and follow the instructions of the crossing guards.

Students cannot be left unsupervised at the school under any circumstance. School personnel will supervise students between 7:30 a.m. and 3:30 p.m. daily. Students not participating in a school-sponsored activity after school are required to leave campus. All students in the building after 3:30 p.m. should be in a school-sponsored activity with a school sponsor. Students who loiter on campus after hours will be asked to leave campus. Persistent student loitering will result in disciplinary action.

Students are expected to adhere to the dress code throughout the school day. Please refer to the Banning Lewis Preparatory Academy dress code policy for details.

### **Communication**

At Banning Lewis Preparatory Academy, we believe that communication is paramount to the success of our students, and we believe that parents are essential in the communication process. Therefore, we ask that all members of the learning community adhere to the following guidelines:

- Keep up to date with our communication:
  - Check the school website: [www.blacademy.org](http://www.blacademy.org)
  - Check PowerSchool frequently to stay apprised of your student's grades
  - Read all BLPA updates (e-blast) and newsletters
  - Check your student's planner daily for important assignments and information
  - Check class Schoology pages frequently
- Treat our board, faculty, and staff with respect. This includes school events, emails, telephone conversations, and in the classrooms during and outside of school hours. Our students are held to a high standard in this regard, and they truly need to see this modeled by all adults in their lives.
- Respect our learning community. Enrolling your student at BLPA indicates your commitment to supporting and respecting the rules as outlined in this handbook. Cooperative relationships provide the win-win support that our students need to be able to focus on their education.

Banning Lewis Preparatory Academy maintains an open-door policy concerning communication with parents, students, staff, and our community. At the same time, however, all concerns should be shared initially at the level of the concern source and, if necessary, should then follow the protocol of contact:

1. The teacher, activity director, or personnel responsible

2. The school assistant principal
3. The school principal
4. The Chief Administrative Officer
5. The Executive Director
6. BLPA School Board
7. Falcon School District 49

**Volunteerism**

It is an expectation that by enrolling your child at BLPA each family will commit to two hours of volunteer service per month. Volunteer service can be completed at the school or at home through a variety of activities that help support the learning community. In addition, monetary donations can be made in lieu of service hours (\$10 = one hour).

Background checks are required and will be conducted for any adult/volunteer who will be in any type of supervisory role with students at Banning Lewis Preparatory Academy, at a school function, or on a school-sponsored trip to include chaperoning field trips.

## **GENERAL OFFICE POLICIES**

### **Financial Obligations**

Throughout the year, a student may incur fees. Fees include the cost of materials to take certain courses offered at BLPA, concurrent enrollment or AP courses, athletic fees, and in the case of damage or misplacement, punitive fees assessed by the administration. All fees must be paid by the end of the school year. If a student transfers schools, BLPA can transfer any outstanding fees to the new school, and the new school will add the fees to the student's new account. If a family qualifies for free/reduced fees through District 49, documentation must be provided to BLPA to adjust fees.

### **Telephone**

School telephones are for business purposes and are not to be used by students except in an emergency. Students may go to the front office to request phone use.

### **Messages**

A message system will accept messages before and after school or during times of high volume in the school office. Messages are important to the BLPA staff, and calls will be returned within one business day.

### **Copy Machines**

Copy machines are restricted to faculty, staff, and trained volunteers and not for student use.

### **School Property**

The BLPA community is expected to show pride in BLPA by taking care of school facilities, equipment, materials, and books and by keeping the grounds and building free of litter.

### **Security Camera Use**

Banning Lewis Preparatory Academy utilizes video cameras throughout the school building and grounds for student safety purposes. The cameras may also aid in observation purposes should the need arise on behalf of the school. Since the cameras are to be used first and foremost for safety purposes, Banning Lewis Preparatory Academy reserves the exclusive rights to the footage. BLPA can also share access to the footage to law enforcement agencies as well as with District 49 as deemed necessary by the administration.

### **Use of School Name**

At no time may any member of the BLPA community use the school's name, seal, crest, emblem, mascot, or logo for any activity, in published or printed material or in a contractual manner, without permission granted by the board of directors.

## **WEATHER AND EMERGENCY INFORMATION**

### **Cancelations and Delays**

Because of our broad geographical student base, BLPA school delays or school cancelations will be determined by the administration. BLPA will delay or close in conjunction with D49 weather or safety related delays and closures. If D49 calls a delay on a date that is scheduled for a BLPA early release day, then BLPA will be closed.

In all cases of inclement weather, please access the website, local radio, or local television stations for pertinent announcements. Parents should exercise their own judgment whether to have their child attend school. All parent confirmed weather-related tardies and absences will be excused.

In case of inclement weather at release time, the following procedure will be followed:

- Parents will be notified via email and text.
- Students who walk will be held until conditions are safe.
- Parents may go to the front doors and request to pick up their student.
- Students who drive, as well as siblings of these students, may be excused with parent permission.

### **Emergency Drills**

Students must learn all emergency procedures and instructions given by the BLPA staff. BLPA will conduct needed drills to ensure that the school community will respond to an emergency safely and effectively. Teachers will instruct students regarding the posted procedures for their classroom and the school building including specific instructions for safe primary and secondary exits. The response to all drills is to be prompt, quiet, orderly, and disciplined. Full cooperation is necessary for the proper execution of these drills, and students are to remember that their welfare is our sole purpose for practicing them.

## STUDENT LIFE

Students are allowed to use backpacks and bookbags at school. All backpacks and bookbags are subject to search.

### **Conduct in the Classroom**

Individual teachers handle matters of classroom discipline. In the cases of repeated misconduct or disruption, parents or guardians will be notified. Students are encouraged to bring water bottles that may be refilled throughout the day or stay hydrated. Students may not bring energy drinks and drinks high in sugar, soda, or similar. Glass containers are not allowed.

Parents or students who wish to have food delivered to the school may do so. A food table will be set up in the main entrance of the building. All food deliveries, including those dropped off by parents, need to be placed on the table. Students may then come and grab the food that has been left for them. The front office staff will NOT accept food for students or hold food for students. Students are required to have paid for their food prior to delivery. Cash on delivery (COD) is not allowed, and the front office staff will not permit food delivery personnel to wait in the front office. The school is not responsible for monitoring the food table, and all food deliveries are done so at the student/family risk and is their responsibility.

Students are strongly encouraged to leave valuable items, including cash, personal electronic devices, and accessories, at home.

## **Lockers**

Student lockers are not issued but may be requested at the beginning of each school year and must be approved by administration. It is a student's responsibility to keep the locker clean and to provide his/her own lock. Removable decorations and organization items are allowed inside the locker (nothing permanent). Examples of acceptable materials include but are not limited to magnetic pictures/frames, racks and dividers used to organize books and materials, and the like. All lockers, backpacks, and bookbags are subject to search by school officials at any time without prior notice.

## **Parking**

Parking at BLPA is a privilege. Students who park on campus must register their car and purchase a parking permit through PaySchools. The BLPA parking lot is school property. As such, school officials and security reserve the right to search vehicles on school property upon reasonable suspicion. Items considered

dangerous or illegal shall be seized and given to the appropriate law enforcement agency. Students in possession of such items in their vehicle will be referred to the dean for disciplinary action. Refusal by a student, parent/guardian, or owner of a vehicle to allow access to a vehicle on school premises at the time of a search request shall be cause for the termination of parking privileges. Refusal to submit to search may also result in disciplinary action and the notification of law enforcement officials.

Students who park in the staff lot or other unauthorized areas or without displaying their parking permit will receive a \$5 parking ticket per infraction that will be added to the student's account. Students are not permitted to park in the handicap spaces unless they have a state-issued handicap parking permit. Violators are subject to ticket and tow (fees for parking in a handicap spot usually are around \$300 or more).

Should a student lose parking privileges due to a violation, funds will not be reimbursed. The school is not responsible for any damage done to vehicles or for property stolen from vehicles while they are parked in the school lot.

All devices must be powered off and put away in a backpack/bookbag. High school students may be allowed to use personal electronic devices at lunchtime only.

## **ACADEMICS**

### **Our Curriculum**

Banning Lewis Preparatory Academy uses the best available age-appropriate, research-based materials in the classroom. Our curriculum is designed to teach mastery of essential skills in each subject area and to foster critical thinking.

### **Course Schedule Changes**

Grade-level counselor and/or principal must approve all classroom or course schedule changes. Requested changes must be submitted in writing. Forms are available in the student services office during the schedule-change window.

### **Credit for NON-BLPA Courses**

Newly enrolled BLPA students must submit transcripts for all high school coursework as part of the enrollment process. The principal, or designee, will review the transcripts to determine the credit earned toward graduation from courses completed prior to the date of enrollment with BLPA.

BLPA high school students may also request approval to take courses for up to 4.0 credits from other accredited educational institutions during their period of enrollment with BLPA per the following procedures, requirements, and restrictions.

- An outside course will only be considered for approval to be taken for credit if all the following criteria are met or exceeded:
  - The request for approval to take a course for credit from an accredited education institution must be completed and submitted to the principal or designee at least two weeks (10 business days) prior to the start of the outside course.
  - The outside course must be aligned to Colorado Academic Standards for the content area in which credit is to be earned.
  - The outside course must be substantively different in terms of content from any/all previously completed courses unless the outside course is intended to be a “repeated course” (see repeated course restrictions/requirements). A difference in delivery is not considered to be substantively different in terms of content. For example, Algebra 1 taken online is not considered to be substantively different in terms of content from Algebra 1 taken in person.
- Upon completion of an approved outside course, the student must provide an official grade report or transcript from the accredited institution prior to any credit being granted.
- Upon receipt of an official grade report or transcript from the accredited institution, BLPA will enter a pass/fail (P/F) grade on the student’s BLPA transcript along with an indication of the institution providing the course.
- Courses taken through BLPA’s concurrent enrollment program and courses taken through Falcon District 49 are not considered outside courses.

### **Credit for Varsity Sports**

Physical education credit is available for students on a varsity sports team.

## **Repeated Courses**

A high school student may repeat a course with the following restrictions/requirements:

- Credit for any given course can only be earned once. Repeating a course will not result in additional credit being earned.
- Each enrollment in a given course will be entered on the student's transcript to include the grade earned in each enrollment, including credit recovery.

The grade for each course will be included in the official grade point average (GPA) calculation. Therefore, the grade from a repeated course does not "replace" the grade from the original enrollment in the course, including courses recovered from credit.

- Exceptions to these restrictions/requirements are provided to specific activity/production courses. The following courses are exempted from the restrictions/requirements detailed above and may be repeated for full credit:
  - Student Publications (Yearbook/Journalism)
  - BLPA Singers (Choir)
  - Concert Band
  - Jazz Band
  - String Orchestra
  - Music Theatre Production
  - Weights and Fitness
  - Outdoor Fitness
  - Student Aide
  - Speed Training
  - Sports Training
  - Independent Studies
  - WBL – Work-Based Learning

## **Make-Up Work**

Make-up work shall be provided for any class in which a student has an excused absence unless otherwise determined by administration. It is the responsibility of the student to pick up any make-up assignments permitted on the day returning to class. Due to the block schedule, there shall be two class periods allowed for make-up work for each day of absence up to 10 days if the assigned work was issued during the absence. If assigned work was given prior to the absence, students are expected to turn in the work upon their return to the next time class meets. All missed exams will be taken within two occurrences of class meeting upon returning from an absence. Any exceptions for these guidelines would need to come from administration prior to the excused absence.

Make-up work shall be allowed following an unexcused absence with the goal of providing the student an opportunity to keep up with the class and as an incentive to attend school; however, this work will receive only partial credit which is the consequence for an unexcused absence.

## Late Work

BLPA students are expected to turn in all classwork and homework. It is expected that classwork and homework will be turned in at the time designated by the teacher. All late work will receive a 10% grade deduction per class meeting. For example, work received two class meetings late will receive a 20% deduction and so on. This does not apply to work assigned during excused absences.

## Grading System

- Middle School: The academic year is divided into four quarters. Each quarter is approximately 10 weeks in length.
- High School: The academic year is divided into two semesters.

## BLPA Grading Scale

A = 90-100% (90-92 = A-, 93-96 = A, 97-100 = A+)

B = 80-89% (80-82 = B-, 83-86 = B, 87-89 = B+)

C = 70-79% (70-72 = C-, 73-76 = C, 77-79 = C+)

D = 60-69% (60-62 = D-, 63-66 = D, 67-69 = D+)

F = Below 60%

## Honor Roll

All students are eligible for Cardinal or Gold Honor roll based on each term's academic performance. Honor roll status is determined on a student's GPA for the most recent term.

- Cardinal Honor Roll: Term GPA of 3.5 – 3.74
- Gold Honor Roll: Term GPA of 3.75 – 4.0

## Weighted Grades for High School

By school board policy, courses approved for weighted grade status will receive 1 extra grade point per credit for that course based on a 5-point scale. This extra point will be calculated with all other course grades which are calculated on a 4-point scale. All concurrent enrollment (CE) and advanced placement (AP) courses will receive weighted grade status. Class rank and all other honors will be based on a weighted grade point average. Credits transferred from another school will not be weighted except for advanced placement courses. When a student submits a petition for consideration, the principal may grant weighted grade status to a transfer course which carries a similar title or description as a weighted course if it reasonably meets the BLPA definition of a weighted course and was weighted at the previous school.

Traditional 4.0 Scale		5.0 Weighted Scale (CE Courses)	
4.0	A	5.0	A
3.0	B	4.0	B
2.0	C	3.0	C
1.0	D	2.0	D
0	F	0	F

## Report Cards/Reporting Academic Progress

- Report cards will be made available at the end of each term via paper or electronic copy.

- Students not completing course work by the end of a grading period will receive an “I” for incomplete. An incomplete will become an “F” if those issues surrounding the incomplete are not resolved with the student’s teacher(s) within two weeks after the term ends. In those rare cases where a student is under the care of a physician for a serious illness, additional time may be granted to complete all course work, including tests and semester exams, as determined by the student’s teacher and the principal. If the work is not completed in the determined length of time, the grade becomes an “F.”
- Parents will be notified if their student has a D/F in a class after the first two weeks of a term.
- Student progress can be monitored online by each parent daily by utilizing their parent portal access code.

### Graduation Requirements

Graduates will be recognized with the following designation for graduations:

- 3.75 and Higher: Graduate with highest honors
- 3.4 – 3.74: Graduate with high honors
- 3.0 – 3.39: Graduate with honors

Coursework requirements for graduation are based on the number of units of credit earned in grades 9 through 12. A unit of .5 credit is typically the credit received for a one semester course. A minimum of 25 units of credit shall be required for graduation from high school. Specific requirements may be waived with the approval of the principal. Appeals will be directed to the BLPA Board of Directors. Early graduation is allowable with graduation requirements met and administration approval.

## **Concurrent Enrollment**

While Concurrent Enrollment becomes available the first semester of the student's sophomore year, some students may be granted access earlier. Students may apply for concurrent enrollment to begin their second semester of their freshman year if the following criteria is met: The student has an active ALP, scored in the 95<sup>th</sup> percentile or higher in the "ERW" category of the PSAT, has completed at least one semester of English 1, and has completed the application process with administration approval. Any exceptions to this criterion must be approved by high school administration. Sophomores through seniors will need to speak to the Concurrent Enrollment advisor on how to qualify.

## **Academic Lettering**

To qualify for a BLPA academic letter, a BLPA high school student must complete two consecutive semesters at BLPA with a GPA of 3.75 or higher for each semester. Students will receive a letter and an academic pin of recognition for their first year and will receive a bar for each subsequent pair of consecutive semesters for which they meet the lettering standard. If a student is found to have received their letter through ill-gotten means (i.e., academic dishonesty), BLPA reserves the right to rescind the student's letter and pin.

## **Academic Tutoring**

After-school tutoring in core academic areas is available Monday through Thursday from 3:15 – 3:45 p.m. Students should communicate with teachers in advance of attending tutoring. Students must leave campus after their tutoring session has ended. Students failing two or more classes will be required to attend mandatory tutoring.

## **Promotion/Retention/Academic Support**

BLPA has established and maintains high standards for all students by establishing clear academic expectations, monitoring student achievement, and communicating student progress to parents/guardians in a continuous and systematic manner. BLPA does not practice social promotion but rather places and promotes students according to each student's instructional level. Recognizing the unique developmental needs of each student, the most appropriate educational setting will be determined to meet those needs and a personalized student achievement plan will be designed to support academic growth.

## **Promotion and Retention Policy Statement**

No middle school student shall be promoted to the next successive grade level based on age or other social reason unrelated to academic performance. A student may be considered for retention if the following criteria are not met:

- Mastery in all major content areas as evidence by grade level report cards.
- To be promoted to any grade level through eighth grade, a student's scaled score on the standards-based assessment must fall above the 25<sup>th</sup> percentile in mathematics and reading.
- All students must demonstrate a 95% or better attendance rate.

Upon entering high school, the emphasis is on a successful accumulation of high school credits as opposed to grade level designations. High school students who fall behind the recommended rate of credit accumulation or middle school students who are placed or retained below chronological grade level may be required to participate in some or all the following interventions:

- After-school tutoring

- Supplemental or credit recovery course work
- Individualized interventions guided by the multitier system of supports (MTSS) team
- Attendance counseling

### Responsibility and Timeline

Decisions regarding a student’s placement, promotion, or retention will be determined on an individual basis based on academic results. The principal, along with the input of the MTSS team, shall have the final responsibility of determining grade level placement and promotion or retention of each student.

If a student is failing multiple core academic courses by the end of a term, the student will be placed on academic probation. The student and family will be notified in writing of the academic probation, and a plan will be drafted to move the student off probation. If a student does not make appropriate progress as defined by the plan, parents/guardians will be notified in writing prior to the end of the subsequent term of a student’s risk of retention or falling behind in high school credit accumulation. Any student who is placed on academic probation and does not show sufficient progress may be denied reenrollment in BLPA. A conference will be scheduled at a time convenient for all parties to discuss the student’s achievement, attendance, effort, work habits, behavior, and other factors related to learning. A final conference will be held, post end-of-the-year testing in May, to discuss the promotion and retention determination of the principal and student services team.

### Middle School Student Accountability/Support

We have a high expectation of achievement at BLPA. To support our students, we provide multitiered systems of support (MTSS). Students who may need additional support are identified/referred by staff. Grade-level staff collaborate and consult to place interventions and supports in place for students who are struggling academically. Ongoing student progress is monitored so that interventions and supports can be adjusted based on individual student growth.

### Individuals with Disabilities Education Act (IDEA)

Students who are identified as disabled under IDEA will be promoted or retained in accordance with the IEP team recommendations as documented in the IEP.

### **Academic Misconduct**

Academic misconduct is behavior that results in or may result in a student gaining an unfair advantage in a course or exam. Academic misconduct includes:

### Plagiarism

The representation, intentionally or unwillingly, of the ideas, words, or work of another person without proper, clear, and explicit acknowledgement.

- Plagiarism is passing off someone else’s words, work, writing, thoughts, visuals, graphics, music, and ideas as your own. “Someone else” could be an author, artist, musician, teacher, classmate, or internet blogger who you do not know. “Ideas” could be picked up through a classroom discussion, a chat with friends playing video games, or just overhearing a conversation in the hallway.
- Plagiarism is a clear breach of academic honesty. In many cases, it is also a criminal offense.

- What is paraphrasing? Paraphrasing is writing a piece of text out in your own words. You are allowed to do this, but you must acknowledge the source you have used.

### Collusion

Supporting academic dishonesty by another student – allowing one’s work to be copied or submitted for assessment by another student.

### Collusion and Collaboration

Collaboration involves working together with other students. There are occasions where collaboration with other candidates is permitted or actively encouraged. Nevertheless, the final work must be produced independently even though it may be based on similar data. This means that the abstract, introduction, content, conclusion, or summary of a piece of work (i.e., report, essay, presentation, and project) must be written in each student’s own words and cannot therefore be the same as another student.

Working together is collaboration, but copying someone else’s work is collusion. Even if you have collaborated with another student, the work you present must be your own. Collusion is considered academic misconduct and will carry consequences.

### Other

Any other behavior that gains an unfair advantage for a student or that affects the performance of another student.

- Causing a disturbance in a class or exam
- Copying the work/answers of another student
- Unauthorized use of notes, electronic device (phone, watch, iPad, etc.), or other materials during an exam
- Making up data for an assignment
- Including offensive material in an exam or on assignments
- Stealing examination papers
- Disclosing or discussing the content of an examination with other students who have not yet completed the exam
- Using an unauthorized calculator during an exam
- Concealing and/or using unauthorized software on a graphic calculator

Consequences may be imposed by the school for incidences of academic misconduct relating to homework, classwork, projects, and exams and will include:

- First Offense: The student consequence is determined by the teacher and could include receiving a zero on the assignment and/or having to redo the work. The teacher logs the event in PowerSchool. The teacher will speak with the student and notify parents as well as notify administration. The student will be reminded of the BLPA academic honesty policy.
- Second Offense: The student is given a zero for the work and is required to redo it for no grade. This second academic misconduct offense is recorded in PowerSchool. An administrator speaks with the student and notifies parents. The student will be reminded of the academic honesty policy and is informed of the consequences of a third offense.

- Third Offense: If a student is found guilty of a third breach of academic honesty, they will receive a zero for the assignment. This third academic misconduct offense is recorded in PowerSchool. An administrator will speak with the student and parents. The third offense may include a suspension and/or other school consequences.

### **Senior Capstone (High School Only)**

The senior capstone provides senior students the opportunity to engage in an experience that prepares them for their future and aligns with college and career readiness and pathways exploration. Students will use their knowledge and skills they have acquired in their high school courses to present their research. The capstone consists of four project requirements: Job shadowing, a research paper, visual aid, and a presentation. **It is required that all students complete a senior capstone for graduation from high school.**

- Capstone advising for rising seniors will begin the spring semester of their junior year.
  - Students will be assigned a senior capstone advisor.
  - Students may begin their shadowing hours the summer before their senior year if their professional contact is approved by their advisor before the end of spring semester.
1. Job Shadowing
    - a. Students will need to contact a professional in their selected career pathway and complete a job shadowing experience.
    - b. Students must turn in the name and contact information of the professional they will be shadowing.
    - c. Students must shadow a professional for a minimum of 20 hours. Contacts cannot be within the BLPA building or a family member (extenuating circumstances excluded).
    - d. Students will have to witness and document the tasks completed in the selected field in the form/log provided.
    - e. Students may reference their contacted professional on the research paper as a source for evidence.
  2. The Research Paper
    - a. Students will complete a two- to five-page research paper that must be typed and double spaced that uses academic sources to highlight the degree or required training for their chosen career. The paper must include a career description, potential for field growth, promotion opportunities, and the various pathways that the career would allow a person to pursue.
    - b. Must use proper citations and formatting.
    - c. Focus on primary and secondary sources.
    - d. Include a Works Cited Page with a minimum of three sources.
  3. Visual Aid
    - a. To enhance the presentation, students will include a visual aid to correspond with the topics covered in the research paper.
    - b. This may be a trifold poster, PowerPoint, brochure, tangible item personally created, or more.
    - c. Advisors must approve all visual aid ideas before the presentation date.
  4. The Presentation
    - a. Following completion of the research paper, interview, job shadowing, and creation of a visual aid, students will need to present their findings in an evening presentation in the gym at BLPA.

- b. The audience will consist of a school staff and community members. Student presentations will be assessed by staff members who will be assigned select student presentations to evaluate based on an evaluation rubric which will be shared with the student prior to the presentation night.
- c. Presentations should be between six to eight minutes. This includes time for a question-and-answer session as well as an explanation of the chosen visual aid.

## STUDENT ATTENDANCE

One criterion of a student's success in school is regular and punctual attendance. Frequent absences may lead to poor academic work, lack of social development, and possible academic failure. Regular attendance is of utmost importance for school interest, social adjustment, and scholastic achievement. No single factor may interfere with a student's progress more quickly than frequent tardiness or absence.

According to state law, it is the obligation of every parent/guardian to ensure that every child under his/her care and supervision receives adequate education and training and, if of compulsory attendance age, attend school.

Each year the BLPA Board establishes the school attendance period by adopting a school calendar. Students are expected to be in attendance in accordance with the BLPA adopted calendar. Students who do not finish out the year according to the school's calendar will need to fill out a withdrawal form or may receive an incomplete or failing grade for that term. Circumstances that arise that obligate a student to finish the school year early will need an approval from the BLPA administration. **See excused absences below.**

Parents/guardians are expected to take the responsibility for determining whether it is safe to send their child to school due to severe weather.

Continuity in the learning process and social adaption is seriously disrupted by excessive absences. In most situations, the work missed cannot be made up adequately. Students who have good attendance generally achieve higher grades, enjoy school more, and are more employable after leaving school.

For these reasons, the BLA Board believes that a student must satisfy two basic requirements to earn full class credit: 1) satisfy all academic requirements and 2) exhibit good attendance habits as stated in this policy.

Absences for secondary school students will be documented in class periods. Once students have exceeded the approved number of absences, and there are more absences, written documentation from a licensed practitioner or agency may be required for the absences to not only be considered excused, but to also address the reasons for the excessive absences. The absences may therefore be considered unexcused until the appropriate documentation is provided.

### **Excused Absences**

The following shall be considered excused absences:

- Absences because of temporary illness or injury.
- A student who is absent for an extended period due to physical, mental, or emotional disability.
- A student who is pursuing a work-study program under the supervision of school.
- A student who is attending any school-sponsored activity or activities of an educational nature with advance approval by the administration.
- Absences by those who are in the custody of court/law enforcement authorities.
- Those determined by school administration to be excusable such as doctor's appointments or juvenile court appearances.

**At the administration's discretion, absences may require suitable proof regarding the above exceptions, including written statements from medical sources and agencies.**

### **Unexcused Absences**

An unexcused absence is defined as an absence that is not covered by one of the foregoing exceptions. Each unexcused absence shall be entered on the student's record. The parents/guardians of the student receiving an unexcused absence will be notified orally or in writing by BLPA of the unexcused absence whenever possible.

In accordance with the law, the school may impose academic penalties which relate directly to classes missed while unexcused. The administration shall develop regulations to implement appropriate penalties. Students and parents/guardians may petition the administration of BLPA for exceptions to this policy or the accompanying regulations. The exception may be rescinded if the student/family fails to maintain the expectations that were agreed upon when the exception was granted.

After an accumulation of five days of absences, secondary students' parents will be notified. If absences continue, medical documentation may be required. If absences continue after interventions, students will be put on an attendance contract that will include parent input when possible. The contract will include the consequences for further occurrences, including the designation of being "habitually absent." Parents are encouraged to review their child's attendance on a regular basis.

Any student who has been absent from class for six consecutive weeks or more in any one school year, except for reasons of expulsion, excused long-term illness, or death, is considered withdrawn and shall be reported as such on all required reporting to the Colorado Department of Education (CDE) by the school's administration. Additionally, the student will be withdrawn from BLPA and will not be considered an active student; however, if the student is in attendance at the end of the school year or enrolled in another school (including non-BLPA online programs) or home study program, such student is considered to have transferred and shall be reported as such on all required reporting to the CDE.

### **Tardiness**

Tardiness is defined as the appearance of a student after the scheduled time that a class begins. Because of the disruptive nature of tardiness and the detrimental effect upon the rights of the non-tardy student to uninterrupted learning, penalties shall be imposed for excessive tardiness.

Parents/guardians shall be notified of all penalties regarding tardiness. If a student arrives over halfway through the class period, that student will be marked absent for that class period. If a student arrives before half of the class period has passed, that student will be marked as tardy.

In an unavoidable situation, a student detained by another teacher or administrator shall not be considered tardy provided that the teacher or administrator gives the student a pass to enter his/her next class. Teachers shall honor passes presented in accordance with this policy.

Teachers will address the first three tardies in their class. Prior to a fourth tardy, the teacher will have informed the student of the tardies and potential consequences, assigned detention(s), and notify the parent/guardian.

### **Early Dismissals**

Early dismissals from school will be approached in the same manner as tardiness. Students are expected to be in school until dismissal time. Early dismissal is detrimental to the learning process for both the student leaving and the students who are disrupted by the interruption. Unavoidable situations will be honored. If a student leaves class during the first half of the period, the student will be considered absent for that period. To be counted as present, the student must remain in the classroom for at least half of the period. For the protection of our students, phone calls for early dismissal will not be accepted.

### **Truancy**

If a student is absent without a signed parental excuse or if the student leaves school or a class without permission of the teacher or administrator in charge, the student shall be considered truant.

A habitually truant student shall be defined as a student of compulsory attendance age who has 10 unexcused occurrences of absences during any school year. Absences due to suspension or expulsion shall not be counted in the total of unexcused absences.

Parents shall be required to acknowledge in writing awareness of their obligations and to furnish the school with a telephone number or other means of contacting them during the school day.

The school monitors individual unexcused absences with the online student information system. When a student fails to report on a regularly scheduled school day and school personnel have received no indication that the parent/guardian is aware of the absence, school personnel shall make a reasonable effort to notify the parent/guardian by telephone.

When a student is declared habitually truant, the school shall promptly require a meeting between the student's parent/guardian and appropriate school personnel to review and evaluate the reasons for the student being habitually truant.

### **Penalties**

A student and his/her parent or guardian shall be given notification of his/her first truancy offense. The student may be subject to disciplinary action which may include detention and/or suspension. Additional truantries shall be grounds for detention, suspension, and or referral to truancy court. No credit shall be permitted for any student for any class or portion of a class during which time the student was truant.

### **Withdrawal From School**

If a student must withdraw from the school or transfers to another school, the student's parent/guardian must notify the school's registrar to fill out and submit the required withdrawal paperwork. All outstanding fines must be paid prior to the student's withdrawals. State law allows one school to transfer the outstanding balance on a student's account to their new school. A student will be withdrawn on the date requested by a parent/guardian on the withdrawal form.

## **ATHLETICS**

The BLPA Athletics Handbook should be referenced for all specific athletic participation details and expectations. The following provides some general highlights:

### **Athletic Opportunities**

Students at BLPA may participate in competitive sports. BLPA will offer multiple levels of athletic activities to include interscholastic sports. Depending upon the number of participation opportunities and the number of potential participants interested, some interscholastic athletic teams may select team members through a tryout system.

### **Eligibility**

Students participating in both intramural and interscholastic sports must maintain academic standards. At high school, these standards meet or exceed the CHSAA eligibility requirements and are detailed in the BLPA Athletics Handbook. At middle school, these standards meet or exceed the Central Colorado Athletic League (CCAL) eligibility requirements and are detailed in the BLPA Athletics Handbook.

### **Fees**

Students participating in a BLPA sport will be required to pay an athletics participation fee for each sport. Students will not be issued a uniform or allowed to play in a game until the sports fee is paid in full. Details are provided in the BLPA Athletics Handbook.

### **Uniform and Equipment**

Students will be issued a school-owned uniform. The student is expected to take reasonable care of the uniform. If the student damages the uniform beyond normal wear and tear or loses it, the student will be responsible for the cost of replacing the uniform. If the student does not return the uniform at the end of the sport season, the student will be responsible for the cost of replacing it.

Any student who purposely damages BLPA sports equipment will be responsible for the cost of replacement of that equipment. If a member of the BLPA community does not return BLPA-owned sports equipment, he/she will be responsible for the cost of the equipment.

## **SELF-DISCIPLINE GUIDE**

### **At Banning Lewis Preparatory Academy, everyone is valued, and everyone learns!**

The staff at BLPA attempts to create a safe place where we can care for one another, and everyone has a chance to learn. The purpose for developing guidelines for student self-discipline is to encourage everyone in the BLPA community toward those goals.

### **Self-Discipline Goal Guidelines**

BLPA teachers and staff are dedicated professionals and lifelong learners who are constantly embracing a variety of ways to exercise positive classroom and school-wide management skills. We believe that we are here to help students learn how to maintain self-discipline in all types of situations. We encourage students to learn to make appropriate decisions from the “inside out.” BLPA does not employ a discipline “system.” Instead, we use expectations, guidelines, and principles that allow students and staff the opportunity to engage in positive solutions, not negative behaviors. Just as we value the variety and uniqueness found in the individuals that make up the BLPA learning community, we value the ability to deal with situations based on the student, parent, and staff need, when possible, rather than a “one punishment fits all” systemic type of approach.

The vast majority of classroom and school management issues fall under the oversight of individual classroom teachers. Caring, highly trained, and passionately prepared teachers engage students in such a way that most behavior problems are easily resolved under their supervision. In a growing learning community, teacher and staff expectations are made clear to students, and they are given exact and clear instruction concerning school procedures and routines. We encourage each student to make appropriate, informed choices for their own good and the good of the BLPA community. Most students are able to make wise choices most of the time. For those students, however, who unwisely choose to regularly resist direction and guidance or interrupt the flow of learning in the classroom, or those very few who choose to engage in dangerous, illicit, or illegal activities within the BLPA learning community, there are procedures put in place to help correct their behavior or protect others from future acts.

### **Guidelines for Reaching These Goals**

#### **Goal Guideline #1**

We want parents to be actively involved in teaching self-discipline to their children. This may require immediate interaction with the classroom teacher first and then school administration or the proper authorities in response to choices a child might make. Parents should feel free to discuss classroom issues with teachers and school administration.

#### **Goal Guideline #2**

We want classroom teachers to maintain the learning environment in their individual classrooms and establish the learning climate for the school. Our teachers are highly motivated and caring individuals looking for ways to challenge each student to learn and to encourage them to be self-motivated and self-disciplined young people. The staff trusts one another to pursue the best course of action in addressing student needs and working through situations that arise within the school environment.

**Goal Guideline #3**

We want students to develop the ability to think, make informed decisions, and act with wisdom in difficult situations. We want them to own their own problems and, with guidance, solve them in appropriate ways. We want them to look at problems as opportunities for growth.

**Goal Guideline #4**

We want students to face logical consequences for their actions and attitudes instead of punishments whenever possible. We want them to see adults as helpers and guides rather than arbitrary judges who hand out punishment.

**Goal Guideline #5**

We want students to love learning and to appreciate their relationships with those who guide them toward becoming lifelong learners.

To reach these goals, teachers are given continued support and training by school administration. School administration is responsible for ongoing, comprehensive teacher training in the area of classroom management skills. School administration will be in constant contact with teachers concerning individual classroom issues and will be available to set up conferences with students, parents, and teachers.

## **DISTRICT 49 CODE OF CONDUCT**

### **Student Conduct (Policy JIC)**

In cases not covered in this manual, please refer to District 49's Student Conduct and Discipline Code. Banning Lewis Preparatory Academy is proud to be a part of District 49 and adheres to their policies and procedures where it is appropriate to do so per our charter contract. A policy booklet may be obtained by calling District 49 at 719-494-8901 or by accessing the school district website at [www.d49.org](http://www.d49.org).

It is the intention of the Board of Education that district schools help students achieve maximum development of individual knowledge, skills, and competence through experiencing a behavioral environment that works with the student and family to allow them to understand the harm caused by the student's actions, with the goal of using accountability and caring to foster lasting behavioral change.

The Board, in accordance with applicable law, has adopted a written student conduct and discipline code based upon the principle that every student has both rights and responsibilities. The district has high expectations for student conduct; therefore, an accountable environment that includes social-emotional support will be used to proactively communicate conduct and discipline expectations using restorative practices as a framework. It is expected that students will demonstrate respect for persons in authority, not cause harm to themselves or peers, and not tolerate the actions of those who disregard the latter expectations. The code emphasizes that certain behavior, especially behavior that disrupts learning environments, is harmful and may result in restorative discipline. The code shall be enforced uniformly, fairly, and consistently for all students through a strict adherence to due process, standardized documentation procedures, and consistent application of restorative practices. The parent(s) and/or guardian(s) will be apprised of the facilitation process and asked to participate in restorative circles or family conferences, if deemed necessary.

All Board-adopted policies and Board-approved regulations containing the letters "JIC" in the file name constitute the conduct section of the legally required code.

The Board shall consult with parent(s) and/or guardian(s), students, teachers, administrators, and other community members in the development and review of the conduct and discipline code.

Upon enrollment in elementary, middle, and high school, students and their families will be made aware of the student rights and responsibilities document located on the district's website ([www.D49.org](http://www.D49.org)) and the Board code of conduct policy contained therein. The Chief Education Officer/Zone Leaders shall ensure reasonable measures are taken to verify each student is familiar with the code. In addition, any significant change to the code shall be posted on the district's website and included in publicly accessible Board policy update communications.

In all instances, students shall be expected to conduct themselves in keeping with their level of maturity, acting with due regard for the supervisory authority vested by the Board in all district employees, the educational purpose underlying all school activities, the widely shared use of district property, and the right of other students and staff to learn, work, and lead in a safe environment that is free from the fear of intentional

harm. All employees of the District shall be expected to share the responsibility for shaping the behavior of students and for seeing that they honor the conduct and discipline code.

Additionally, all employees will model respectful behaviors toward students and families and will discontinue any practices that deny the student's voice or constitutes zero-tolerance when addressing student conduct and discipline incidents.

#### **Code of Conduction (Policy JICDA)**

In accordance with applicable law and Board policy concerning student suspensions, expulsions, and other disciplinary interventions, the principal or designee may suspend or recommend an expulsion hearing for a student who engages in one or more of the following specific activities while in school buildings, on school grounds, in school vehicles, or during a school-sponsored or district-sponsored activity or event and off district property when the conduct has nexus to school or any district curricular or non-curricular event. However, the principal or designee should also consider appropriate and consistent consequences that hold students accountable, while minimizing their time away from instruction. Restorative interventions (e.g., circles, conferences, etc.) may be used in conjunction with the restorative discipline matrix's consequences to allow students to verbalize the harm they caused, as a mechanism to mitigate future behavior. Restorative practices (RP) are not a panacea for every student's disruptive behavior but should be considered strongly when addressing student conduct and discipline incidents. Finally, the principal or designee should address the support needs of the harmed party(ies); avoid the temptation to overfocus on the intended consequences for the student who caused harm.

## APPENDIX A – STUDENT HEALTH

### General Health Room Procedures

The Colorado Department of Education is pushing for increased seat time. A student entering the health room will be allowed to remain there for a maximum of 15 minutes. After 15 minutes, a decision will be made to send the student back to class or to send the student home. If the student is being sent home, a telephone call will be placed, and a resolution/decision shall be made within 30 minutes as to how the student will be picked up by a parent/guardian or emergency contact person. Once the resolution/decision is made, it shall be adhered to unless the situation escalates requiring immediate medical attention. The parent/guardian or emergency contact must keep BLPA’s principal, or their designee, updated with their status as to their arrival at BLPA. Please be sure to provide the school with necessary emergency contact telephone numbers and update information if it changes during the school year.

### Illness

There are three main reasons to keep sick children at home.

1. The child does not feel well enough to take part in normal activities.
2. The child needs more care than teacher and staff can give and still care for the other children.
3. The illness is on the list and staying home is recommended.

<b>Symptoms</b>	<b>Child Must be at Home?</b>
<b>DIARRHEA</b> frequent, loose, or watery stools compared to child’s normal ones that are not caused by food or medicine	<b>Yes</b> - if child looks or acts sick; if child has diarrhea w/fever and is not acting normally; if child has diarrhea w/vomiting; if child has diarrhea that overflows the diaper or the toilet
<b>FEVER</b> over 100°F with behavior change or other illness	<b>Yes</b> , when the child also has a rash, sore throat, vomiting, diarrhea, behavior changes, stiff neck, difficulty breathing, etc. <b>*Student must be symptom free for at least 24 hours, without medication, before returning to school.</b>
<b>“FLU-LIKE” SYMPTOMS</b> Fever over 100°F with a cough or sore throat, tiredness, body aches, chills, headache, vomiting and diarrhea	<b>Yes</b> - confirmed flu: until the MD/PA note has cleared the student to return to school. unconfirmed flu: for at least 24 hours after the fever is gone, without the use of medicine that reduces the fever; and the student can participate in normal activities
<b>COUGHING</b> <u>Note:</u> Children with asthma may go to school with a written health care plan and the school is allowed to give them medicine and treatment	<b>Yes</b> - if severe, uncontrolled coughing or wheezing, rapid or difficulty breathing, and medical attention is necessary

	*Keep home if symptoms are severe. This includes fever and the child is not acting normally and/or has trouble breathing
<b>RASH WITH FEVER</b> <u>Note:</u> Body rash without fever or behavior changes usually does not need to stay home from school, call the doctor	<b>Yes</b> - call the doctor. Any rash that spreads quickly, has open, weeping wounds and/or is not healing should be evaluated. <b>*Student must be symptom free for at least 24 hours, without medication, before returning to school.</b>
<b>VOMITING</b> Throwing up two or more times in the past 24 hours	<b>Yes</b> - until vomiting stops or a doctor says it is not contagious. If the child has a recent head injury watch for other signs of illness and for dehydration

### Communicable Diseases/Extended Illness

<b>ILLNESS</b>	<b>Child Must be at Home?</b>
<b>CHICKEN POX</b>	<b>Yes</b> - until blisters have dried and crusted (usually 6 days)

If a student has a reportable communicable disease (as noted on the CDPHE list of Communicable Reportable Conditions). Students will not be allowed to return to school until the school receives a doctor’s notification that there is no risk of infecting others.

## **APPENDIX B – NURSING SERVICES**

### **Registered Nurses**

D49 Nurses are assigned to more than one school and are in each school at least once a week. Nurses maintain regular communication with Health Paras. The nurse is available for health care needs and emergencies. School nurses provide health services that include: Immunization compliance, vision and hearing screenings, special education assessments, and development of health care plans for students with specific health care needs.

### **Health Para**

All schools in District 49 have an assigned Health Para available to address student health concerns on a daily basis. **Health Paras are not nurses**; they are unlicensed assistive personnel who work under the license, delegation, and supervision of Registered Nurses. Health Paras are certified in CPR/First Aid/AED and receive training in medication administration and emergency first aid intervention of asthma, severe allergy, diabetes, and seizures according to the student's school health care plan.

### **Health Room**

The health room will have a Health Para, school nurse, or delegated staff member present at all times. When necessary, a student will be allowed to remain in the health room for up to 10 minutes to receive first aid and staff observation; if there is no improvement in the student's health condition after 10 minutes or it is determined that the student is unable to return to class, parents will be notified.

### **Illness Guidelines**

District 49 follows the Colorado Department of Health illness guidelines to determine if a student should be sent home due to illness. If there is a need to contact parents/guardians, the health room will use the contact phone numbers listed in PowerSchool. **Please provide the school with a current emergency contact phone number and update this information each time there is a change.** Illness guidelines can be located at <https://www.d49.org/nursingservices>.

### **Medication Policy**

Please be aware that Colorado state law governs our medication policy. If your student must take medication during school hours, parents/guardians must provide the following documentation before it can be administered at school.

- A written physician's order (including drug name, dose, route, time, duration of treatment, physician signature, and parent/guardian signature). **This includes all over-the-counter, prescription, and/or homeopathic medications.** General medication order forms are located at <https://www.d49.org/nursingservices>.
- Medication order forms for asthma, allergy, diabetes, and seizure are standardized by the state of Colorado. These forms are located at <https://www.d49.org/nursingservices>.
- Medication must be in the original container it was purchased in, complete with a label and current physician signed medical orders. **PLEASE NOTE:** The pharmacy label applied to the medication bottle **will not** suffice for physician orders.

- Medications are kept in a secure cabinet in the health room. If a student must self-carry a medication such as: Inhaler, EpiPen, or diabetic supplies, a physician order is required, along with the Self-Carry Contract signed by the legal parent/guardian, student, and school nurse.
- For the 2022-2023 school year, high school students will be allowed to self-carry one or two doses of over-the-counter medication (i.e.: Tylenol, Motrin) without an order from the physician with the approval of the school nurse. A Self-Carry Contract will have to be signed by the legal parent/guardian, student, and the school nurse. **The Self-Carry Contract can be revoked by the School Nurse if the student fails to comply with the contract.**

### **Life-Threatening Allergies to Peanuts and Tree Nuts**

There is a growing number of students who may develop anaphylaxis if exposed to peanuts and/or tree nuts. Due to this risk, **all D49 schools are nut-protected which means we strongly encourage students to avoid bringing foods to school that contain peanuts/tree nuts, and to refrain from sharing food with their peers at school.** D49 cannot designate schools to be completely nut-free as it is not possible to know what foods each student brings in their lunchbox from home on a daily basis. **The district requires the support of parents to help keep our campuses nut-protected and students with life-threatening allergies safe at school.** Homemade food items are not allowed in classrooms to be shared for class parties. Store-bought food for classroom parties must have an ingredients label attached to the package and must not have peanuts or tree nuts listed as an ingredient.

### **Latex Allergies**

BLPA is latex free.

### **Personal Care Items**

The following items are available to be applied to your student if needed: Vaseline, lotion, and band-aids. Please inform your school Health Room if you **do not** want these items applied to your student.

### **Crutches and Wheelchair**

Each Health Room has a wheelchair for emergency use only. If your student requires temporary use of a wheelchair or crutches, a physician's order is necessary and the wheelchair/crutches must be provided by the parent/guardian.

### **Vision and Hearing Screenings**

School vision and hearing screenings are mandated by the state of Colorado. Parents are permitted to opt out of these screenings. Please contact the school health office at 719-638-3040 ext. 214 if you would like to opt out your child from annual vision and hearing screenings.

### **Immunizations**

Colorado State law requires all students to be up to date on school-required immunizations and/or have a written exemption certificate on file at the school. Go to <https://www.d49.org/nursingservices> for more information about the state of Colorado's immunization process.

#### **Nutrition in the Classroom**

All food items must be store bought with the nutrition information showing the product is 100 calories or less and 0 grams of trans fat. (This is for any snacks that BLPA staff provides at the school during our school day.) - Provide kids with choices and make those choices nutritious.
- Pre-portion your child’s snacks into small plastic bags to grab on the go.
- Combine snacks from at least two food groups to pack more nutrients into your child’s diet. It will be more filling and will hold them over to the next meal.

- Classrooms are peanut free at BLPA, so all snacks will need to be peanut free for snack time.
